CONFIDENCE

Go through your application. Make a note of the skills and experiences you want to highlight. Take deep breaths before the interview. Do mock practise-either with your friends or in front of a mirror.

5

ETIQUETTE

Be punctual. Look neat and clean. Always listen carefully before you speak.

6

ASK QUESTIONS

Be interactive. It's an interview; not an interrogation. Be curious to know more about the company and your role. Don't let stipend be your first question.

7

THANK YOU

Send a thank-you e-mail (not Whatsapp) to your employer after the interview. You can always follow up regarding your application after 3 to 4 days.

Remember that they already like you.
Follow these tips and the internship will be yours.

Hi Akshay,

Thank you for writing in. The application status 'shortlisted' means that the employer seems interested in your application and may get in touch with you after a detailed review. You may wait for a few more days for the employer to contact you for further details. It takes time for employers to process the applications.

Wish you good luck!

Regards,
Team Internshala

Hi Rajib,

Generally, the employers take 7-8 days to respond to the students after shortlisting. They might take telephonic interview, face-to-face interviews or give you some tasks to perform. On the basis of the performance in these tasks, the student is selected for the internships.

Thanks
